

Automatic Cocktails Station
Mixology reinvented

GiG - Cocktails Machine

YOUR BAR'S SECRET WEAPON

GiG - Cocktails Machine, are automatic cocktail dispensers that work with an **integrated tablet** featuring more than 75 pre-programmed cocktail recipes, ready to follow while offering the ability to add your own custom cocktails.

The embedded technology paired with the user friendly interface allows you to dispense the **exact quantity of ingredients** needed for each recipe, with a simple touch on your screen.

Program your recipe and **connect up to 15 ingredients**: liquors, juices, mixes or syrups, through completely separated lines, so that **every single cocktail tastes like the perfect one**.

THE RESULTS?

Impeccable cocktails and mocktails **without a drop wasted!**

Eliminate Waste

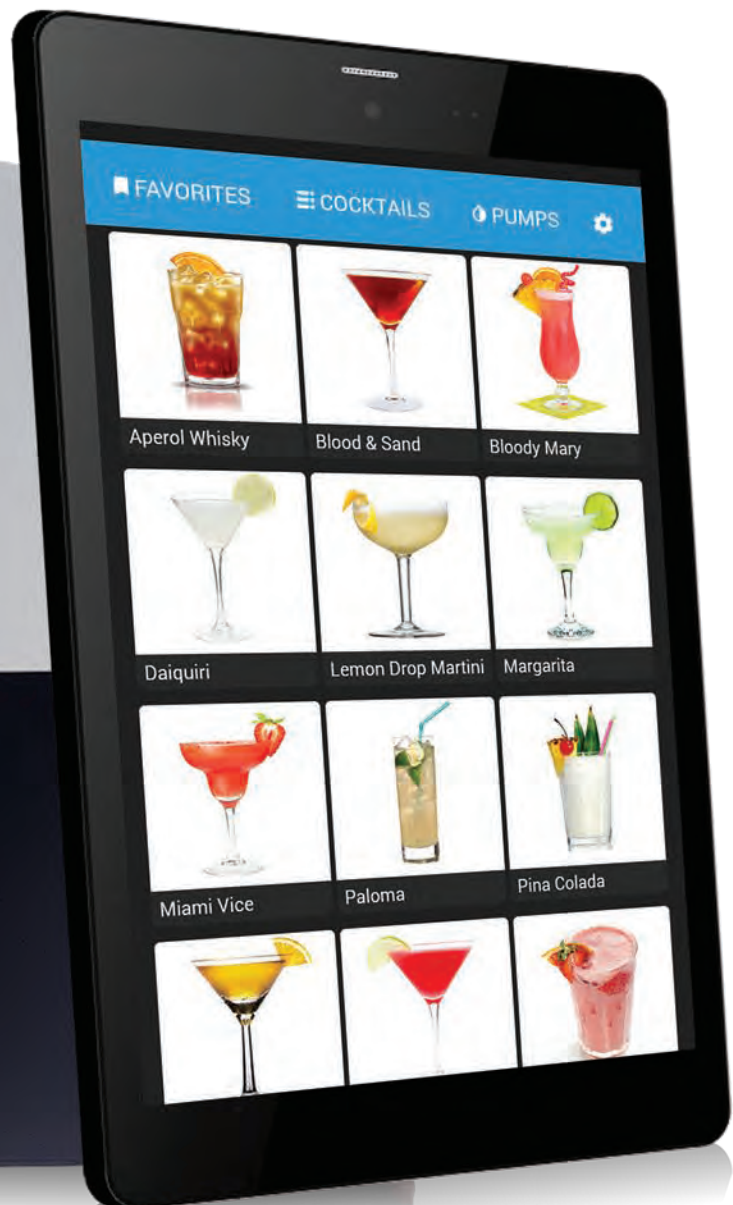

SAVE UP TO 20%

Thanks to **GiG - Cocktails Machine**, you work faster while finally getting rid of unwanted overpouring. Expect to **save up to 20%** on the cost of ingredients, recapture revenue, and enjoy **quick Return On Investment**.

Choose your cocktail, **Touch** the tablet, it's **Done!**
Typical cocktail preparation averages **10 seconds**.

15 independent lines / no cross-contamination!
Direct draw from the ingredient bottles

Go modular INTEGRATE ANYWHERE

GiG Modular is meant to be **integrated directly to your bar fixture**. Following an easy installation, GiG perfectly blends in any decor.

Pumps and electronics are packed in a **compact enclosure** that easily fits most spaces. Like the standard GiG Pro, it comes with **8 or 15 lines**.

*(*example of an integration in a fridge)*

Go mobile PORTABLE COCKTAIL BAR

GiG Cart is the latest addition to the world of Cocktails Machine.

It's been created to offer the **perfect mobile solution** for outdoor space, events, lounges, sports venues and more. Based on the GiG Modular, it comes in two versions:

- **Standard:** features **8 or 15 pumps**, a **compact** cart with **drawers** to organize your bottles and a **battery option**.
- **XL:** with **15 pumps** for your ingredients, an **ice chest**, 4x **garnish trays**, **sliding drawers**, **locking doors**, 6ft long power cord to plug-in or a **battery option**.

Customize GiG Cart with **your own logo** for your personal experience.

The App EVERYTHING YOU NEED

In the app you'll find **75 pre-loaded recipes** complete with preparation steps (glassware, garnishes, add-ons etc.).

You can **edit** these, **add your own** twist to a classic, or simply **load your own** menu.

Each recipe provides **step-by-step instructions**, helping the staff maintain consistency for the perfect preparation.

Keep track YOU'RE IN CONTROL

GiG automatically records and measures usage; **keeping track** of the number and type of cocktails served, amount/costs of **ingredients used** and **employees access**.

Converted into easy-to-read statistics, the data is stored in the Cloud. The online portal is **easily accessible from any device** anytime.
